Washington county in the said Sale conveation called to convene in Galveston. April 20th, 1880.

In view of the great importance of the election soon to be held for President and Vice President and the Convention of the Democratements to the control of the Democratements to the control of the Democratements, in order to correct the misrule and check the corruption which has characterized it unter Republican management; it is earnestly boped that every Democrat will take an active interest in the primary meetings and thus ensure in the conventions representative men as delegates, who can and will reflect truly the sentiments of the Democracy of their sections. As the delegates to the National convention will be instructed as to the question of the abrogation of the saint two-thirds rule in the nomination of candidates, it is suggested that this question be considered in the primary meetings as well as the countyconventions and thus secure an expression of op nion from the people upon this important matter.
